

## Student Possession of Electronic Communication Devices

In accordance with the Board of Education Article XIII X Vista Elementary prohibits all use of communication devices during instructional time regardless of whether the use is to send or receive messages. We understand that for safety concerns, some parents desire that their child carry a cell phone. If that is the case, you must communicate that desire to your child's teacher and to the Principal with the understanding that all cell phones must be turned off during school hours, and stored in your child's backpack. If for any reason your student needs to use the phone, he/she must obtain a phone pass as normal, and go to the office to use the phone. Communication devices that are used in violation of school rules will be confiscated and disciplinary action will be taken for such violation. Rules requiring confiscation may include the requirement for a parent meeting prior to the return of the device. Vista Elementary and the Granite School District accept no responsibility for the loss of or damage to any communication device.
